The medullary cavity (medulla, innermost part) is the central cavity of bone shafts where red bone marrow and/or yellow bone marrow (adipose tissue) is stored; hence, the medullary cavity is also known as the marrow cavity. Located in the main shaft of a long bone (consisting mostly of compact bone), the medullary cavity has walls composed of spongy bone (cancellous bone) and is lined with a ...

Chronic pain is on the rise with an estimated 10-20% of the population reporting chronic or recurrent pain. The factors that predict the development of chronic pain following an acute episode of pain do not relate to any 'biological' factors such as findings on physical examination, or change on X-ray, but to what are termed 'psychosocial variables', such as mood, stress and the social ...
