Euthanasia (from Greek: εὐθανασία; "good death": εὖ, eu; "well" or "good" + θάνατος, thanatos; "death") is the practice of intentionally ending life to relieve pain and suffering.. Different countries have different euthanasia laws.The British House of Lords select committee on medical ethics defines euthanasia as "a deliberate intervention

fight, Tony Nicklinson asked the court to change the law on euthanasia and assisted suicide.

Following his death, the case was continued by his wife right up to the European Court - but it was decided that Parliament needed to change the law.

Assisted Suicide and Euthanasia are not the same: Direct active euthanasia on express request (voluntary euthanasia): the person wishing to end his/her own life requests and permits a third person to put an end to his/her life, for example by injection of a lethal drug. This “killing on request” is prohibited in Switzerland (article 114 of ...

Of Die

A suicide method is any means by which a person chooses to end their life. Suicide attempts do not always result in death, and a nonfatal suicide attempt can leave the person with serious physical injuries, long-term health problems, and brain damage.. Worldwide, three suicide methods predominate with the pattern varying in different countries.
