Maingot's Abdominal Operations 10th Edition - amazon.com

As in previous editions, this excellent text is dedicated to providing general surgeons and surgical trainees a concise but detailed overview of the operative and nonoperative components of abdominal surgery. Since Maingot's Abdominal Operations has a wide readership and has enjoyed considerable success in the past, and there is a tendency not to tamper with success, I expected the 10th edition to largely resemble the previous edition, which was published in 1990.
