Homeschooling or home schooling, also known as home education or elective home education (EHE), is the education of school-aged children at home or a variety of places other than school. Usually conducted by a parent, tutor, or an online teacher, many homeschool families use less formal, more personalized and individualized methods of learning that are not always found in schools.

Homeschooling - Wikipedia

The Mackinac Center for Public Policy works to update this database in a timely fashion. We invite school districts to assist us by sending copies of new collective bargaining agreements, or links to those agreements, to admin@educationreport.org.. All contract PDFs.

Michigan School District Collective Bargaining Agreements ...

In inferential statistics, the null hypothesis (often denoted H 0) is a default hypothesis that a quantity to be measured is zero (null). Typically, the quantity to be measured is the difference between two situations, for instance to try to determine if there is a positive proof that an effect has occurred or that samples derive from different batches.

Exclusion of the null hypothesis - Wikipedia
