Walkman (stylized WALKMAN) is a brand of portable media players manufactured by Sony. The original Walkman, released in 1979, was a portable cassette player that allowed people to listen to music of their choice on the move. Its popularity made "walkman" an unofficial term for personal stereos of any producer or brand. By 2010, when production stopped, Sony had built about 200 million cassette ...

When you go into the Sony app, you can switch it to stereo mode, and when placing your speaker horizontally, your music will be in stereo. If you place your speaker standing vertically, it automatically goes back to mono. Other controls in the Sony app let you turn on the extra bass feature. A 3 band (bass, mid, treble) type equalizer.

PlayStation was the brainchild of Ken Kutaragi, a Sony executive who managed one of the company's hardware engineering divisions and was later dubbed "The Father of the PlayStation".. Until 1991, Sony had little direct involvement with the video game industry. The company supplied components for other consoles, such as the sound chip for the Super Famicom from Nintendo, and operated a video ...
