In Exploring Public Speaking, especially in its second through fourth editions, we have attempted to create a usable, zero-cost textbook for basic public speaking courses or courses that include basic public speaking skills as one of their primary learning outcomes. The free, open nature of the text means that instructors are able to use all or part of it, and add their own materials.

Modern biology is rooted in an understanding of the molecules within cells and of the interactions between cells that allow construction of multicellular organisms. The more we learn about the structure, function, and development of different organisms, the more we recognize that all life processes exhibit remarkable similarities. Molecular Cell Biology concentrates on the macromolecules and ...

Membrane Proteins Can Be Associated with the Lipid Bilayer in Various Ways. Different membrane proteins are associated with the membranes in different ways, as illustrated in Figure 10-17. Many extend through the lipid bilayer, with part of their mass on either side (examples 1, 2, and 3 in Figure 10-17). Like their lipid neighbors, these transmembrane proteins are amphipathic, having regions ...

One data manipulation task that you need to do in pretty much any data analysis is recode data. It's almost never the case that the data are set up exactly the way you need them for your analysis. In R, you can re-code an entire vector or array at once. To illustrate, let's set up a vector that has missing values.

Principles, Instructions, Elements and Definitions 4th (NRM) Edition. The new 4th (NRM) edition of the Elemental Standard Form of Cost Analysis (SFCA) has not sought to make radical changes to the elemental list, but to take account of some practical issues that have come to light in the drafting of measurement rules for designed elements and components for NRM1 and NRM3.
